54 classified as temporary and who are employed to perform services required by the Legislature for
55 its regular sessions or during the interim time between regular sessions shall receive service
56 credit for the time served in that capacity in accordance with the following: For purposes of this
57 section, the term "regular session" means day one through day 60 of a 60-day legislative session
58 or day one through day 30 of a 30-day legislative session. Employees of the State Legislature
59 whose term of employment is otherwise classified as temporary and who are employed to perform
60 services required by the Legislature for its regular sessions or during the interim time between
61 regular sessions and who have been or are employed during regular sessions or during the interim
62 time between regular sessions in seven consecutive calendar years, as certified by the clerk of
63 the house in which the employee served, shall receive service credit of six months for all regular

69 consecutive calendar years as either temporary employees or full-time employees or a
70 combination thereof, as certified by the clerk of the house in which the employee served, shall
71 receive a service credit of 12 months for each regular session served, as certified by the clerk of

the house in which the employee served: *Provided, however,* That the amendments made to this subsection during the 2002 regular session of the Legislature only apply to employees of the Legislature who are employed by the Legislature as either temporary employees or full-time employees as of January 1, 2002, or who become employed by the Legislature as temporary or full-time employees for the first time after January 1, 2002. Employees of the State Legislature whose terms of employment are otherwise classified as temporary and who are employed to perform services required by the Legislature during the interim time between regular sessions shall receive service credit of one month for each 10 days served during the interim between regular sessions, which interim days shall be cumulatively calculated so that any 10 days, regardless of calendar month or year, shall be calculated toward any award of one month of service credit: *Provided further,* That no more than one year of service may be credited to any temporary legislative employee for all service rendered by that employee in any calendar year and no days may be carried over by a temporary legislative employee from one calendar year to another calendar year where the member has received a full year credit for that year. Service credit awarded for legislative employment pursuant to this section shall be used for the purpose of calculating that member's retirement annuity, pursuant to §5-10-22 of this code, and determining eligibility as it relates to credited service, notwithstanding any other provision of this section. Certification of employment for a complete legislative session and for interim days shall be determined by the clerk of the house in which the employee served, based upon employment records. Service of 55 days of a regular session constitutes an absolute presumption of service for a complete legislative session and service of 27 days of a 30-day regular session occurring prior to 1971 constitutes an absolute presumption of service for a complete legislative session. Once a legislative employee has been employed during regular sessions for seven consecutive years or has become a full-time employee of the Legislature, that employee shall receive the service credit provided in this section for all regular and interim sessions and interim days worked by that employee, as certified by the clerk of the house in which the employee served, regardless

98 of when the session or interim legislative employment occurred: *And provided further*, That
99 regular session legislative employment for seven consecutive years may be served in either or
100 both houses of the Legislature.

101 (2) For purposes of this section, employees of the Joint Committee on Government and
102 Finance are entitled to the same benefits as employees of the House of Delegates or the
103 Senate: *Provided*, That for joint committee employees whose terms of employment are otherwise
104 classified as temporary, employment in preparation for regular sessions, certified by the legislative
105 manager as required by the Legislature for its regular sessions, shall be considered the same as
106 employment during regular sessions to meet service credit requirements for sessions served.

107 (f) Any employee may purchase retroactive service credit for periods of employment in
108 which contributions were not deducted from the employee's pay. In the purchase of service credit
109 for employment prior to 1989 in any department, including the Legislature, which operated from
110 the General Revenue Fund and which was not expressly excluded from budget appropriations in
111 which blanket appropriations were made for the state's share of public employees' retirement
112 coverage in the years prior to 1989, the employee shall pay the employee's share. Other
113 employees shall pay the state's share and the employee's share to purchase retroactive service
114 credit. Where an employee purchases service credit for employment which occurred after 1988,
115 that employee shall pay for the employee's share and the employer shall pay its share for the
116 purchase of retroactive service credit: *Provided*, That no legislative employee and no current or
117 former member of the Legislature may be required to pay any interest or penalty upon the
118 purchase of retroactive service credit in accordance with the provisions of this section where the
119 employee was not eligible to become a member during the years for which he or she is purchasing
120 retroactive credit or had the employee attempted to contribute to the system during the years for
121 which he or she is purchasing retroactive service credit and the contributions would have been
122 refused by the board: *Provided, however*, That a current legislative employee purchasing
123 retroactive credit under this section shall do so within 24 months of beginning contributions to the

124 retirement system as a legislative employee or no later than December 31, 2016, whichever
125 occurs later: *Provided further*, That once a legislative employee becomes a member of the
126 retirement system, he or she may purchase retroactive service credit for any time he or she was
127 employed by the Legislature and did not receive service credit. Any service credit purchased shall
128 be credited as six months for each 60-day session worked, three months for each 30-day session
129 worked or 12 months for each 60-day session for legislative employees who have been employed
130 during regular sessions in 13 consecutive calendar years, as certified by the clerk of the house in
131 which the employee served, and credit for interim employment as provided in this subsection: *And*
132 *provided further*, That this legislative service credit shall also be used for months of service in
133 order to meet the 60-month requirement for the payments of a temporary legislative employee
134 member's retirement annuity: *And provided further*, That no legislative employee may be required
135 to pay for any service credit beyond the actual time he or she worked regardless of the service
136 credit which is credited to him or her pursuant to this section: *And provided further*, That any
137 legislative employee may request a recalculation of his or her credited service to comply with the
138 provisions of this section at any time.

139 (g) (1) Notwithstanding any provision to the contrary, the seven consecutive calendar
140 years requirement and the 13 consecutive calendar years requirement and the service credit
141 requirements set forth in this section shall be applied retroactively to all periods of legislative
142 employment prior to the passage of this section, including any periods of legislative employment
143 occurring before the seven consecutive and 13 consecutive calendar years referenced in this
144 section: *Provided*, That the employee has not retired prior to the effective date of the amendments
145 made to this section in the 2002 regular session of the Legislature.

146 (2) The requirement of seven consecutive years and the requirement of 13 consecutive
147 years apply retroactively to all legislative employment prior to the effective date of the 2006
148 amendments to this section.

149 (h) The board of trustees shall grant service credit to any former or present member of the

State Police Death, Disability and Retirement Fund who has been a contributing member of this system for more than three years for service previously credited by the State Police Death, Disability and Retirement Fund if the member transfers all of his or her contributions to the State Police Death, Disability and Retirement Fund to the system created in this article, including repayment of any amounts withdrawn any time from the State Police Death, Disability and Retirement Fund by the member seeking the transfer allowed in this subsection: *Provided, That* there shall be added by the member to the amounts transferred or repaid under this subsection an amount which shall be sufficient to equal the contributions he or she would have made had the member been under the Public Employees Retirement System during the period of his or her membership in the State Police Death, Disability and Retirement Fund, excluding contributions on lump sum payment for annual leave, plus interest at a rate determined by the board.

(i) The provisions of §5-10-22h of this code are not applicable to the amendments made to this section during the 2006 regular session.
